

## CHRISTMAS SHOPPING

You have saved your money all fall and now it is time to go shopping for Holiday gifts for your friends, family and teachers. You want to make sure to get the best deals on the items you want to buy so you have watched for sales. You have \$132.00 at the start of your shopping trip.

1. Make a list of the people you are going to buy for, write what you will buy them, and find the cost using *amazon.com* [don't forget shipping] or *the flyer*.

Name	Item	Cost (\$)
1.		
2.		
3.		
4.		
	TOTAL	

2. Due to your good shopping skills you have found each item on sale. Calculate the sale price of each item.

	Item	Original Price	Percent Off	Sale Price
1.			(5%)	
2.			(15%)	
3.			(30%)	
4.			(45%)	

New Total \_\_\_\_\_

3. If sales tax is 9.75%, how much will you pay?

4. How much money do you have left?

5. Find 1 more item that you can afford to buy for yourself. Don't forget to include sales tax!
